THE STORY

St. Joseph's Hospital is an award winning and nationally ranked hospital that combines the convenience and care experience of a community based hospital with the technology and expertise of a major academic medical center.

Presence Health engaged Office Revolution to create a furniture standards program for its newly renovated ER hospital based on durability, longevity and cleanability while maintaining a high quality design aesthetic. Keeping in mind the client's goals, we were able to help create an environment that exceeded what they had in mind at an affordable price.

HIGHLIGHTS

- Ergonomic seating for patients and staff
- Adjustable monitor arms for ease of use for doctors and nurses
- Lounge area redone with new seating and custom millwork
- Modern and unique furniture that matches their office environment
