THE STORY

Miami Jacobs is a fast-growing career college with a rich history dating back over 150 years. One of the major focal points of the new campus is the use of the college's bold color palette. Branding was key to designing the space and can be found in small details throughout the plan. Everything from the outdoor furniture to the collaborative lounge seating reflects the Miami Jacobs brand. This renovation transformed the Whitlatch building from an empty, out-of-date space, to an innovative learning space.
