LOCATION

Chicago, IL

DESIGN FIRM

Cannon Design

SPACE TYPE

Corporate Office

MANUFACTURING PARTNERS

Teknion, Humanscale, Bernhardt and Allermuir

SIZE

70,000 Sq./Ft.

THE STORY

With the expertise of Cannon Design, Lockton significantly upsized by relocating their office to a 70,000 square foot facility spanning two floors in downtown Chicago.

The new space allowed for 184 Teknion District Workstations with Livello height adjustable tables, 45 Teknion District Flintwood private offices also with Livello height adjustable tables and two Nucraft Cavara executive veneer offices.

Lockton's new office design incorporates high-end furniture and finishes to create a sleek and contemporary feel that represents their corporate culture.
