THE STORY

NAI Hiffman's corporate headquarters office located in Oak Brook, IL is a dynamic space utilizing Alternative Workplace Strategies. The design includes a combination of open workstations and full glass front offices to provide both privacy and transparency. The overall design aimed to maximize office space by creating open and collaborative areas across all departments.

Office Revolution and Ware Malcomb brought new life to NAI Hiffman's space by increasing information sharing zones and flooding the space with natural daylight thus creating an industry competitive environment.
