## ABEONA THERAPEUTICS 3RD FLOOR AND LAB

### LOCATION

Cleveland, OH

### SPACE TYPE

Office, Tenant Fit-Out,  
Medical/Labs, Furniture

### SIZE

15,000 Sq./Ft.

## THE STORY

Continuing to expand beyond their fourth floor space, Abeona leased the third floor adding 6,000 square foot of research and development laboratories, a 4,000 square foot collaborative workspace and community breakroom, along with 5,000 square foot of flexible space for company-wide meetings or daily work, an inventory control area, and expanded restrooms. The bright green and blue colors of the company's logo were used to tie the two floors together. Fun and functional triangular felt panels work as an acoustical treatment and add an element of interest. All furniture was designed to be flexible and ordered with the ability to rearrange efficiently.
