Office, Tenant Fit-Out,  
Furniture

### SIZE

29,365 Sq./Ft.

## THE STORY

Dawson Companies relocated their offices to an existing 3 story building occupying the 3rd floor. The space was renovated to fit their needs with new private offices added along with several departments of workstations. Dawson used this move as an opportunity to brighten up their office with white walls and some pops of color, lower paneled furniture, and a statement lobby and reception area as soon as you step off the elevator.
