POLYONE COLORMATRIX

LOCATION

Berea, OH

SPACE TYPE

Office, Renovation, Furniture

SIZE

7,300 Sq./Ft.

THE STORY

For PolyOne Colormatrix, their existing office area was not only outdated but also poorly lit, making their work with color verifying and matching difficult. Their new open office is brighter, has cleaner light, and fresh furniture. Collaborative zones and break areas were also added to give employees different options for different types of work.
