RÖCHLING AUTOMOTIVE

LOCATION

Duncan, SC

SPACE TYPE

Office, Addition, Renovation,
Manufacturing, Furniture

SIZE

33,640 Sq./Ft.

THE STORY

This project included a new 33,640 square foot, 3-story office addition as well as renovating the main entry and interior lobby of the existing building. Unique features were incorporated into the building, such as a living green wall as a backdrop for their displays in the lobby, frosted glass on the front of all private offices, and a breakroom with various amenities. The overall design of the office follows the timeless and neutral palette of Röchling's corporate colors with white, gray, blue, and the occasional pop of color in some furniture elements. Each workstation and private office was set up with an ergonomically friendly height adjustable desk.
