THE STORY

St. Bernard Hospital recently added an Ambulatory Care Center to its facility. The Ambulatory Care Center transforms the way St. Bernard Hospital delivers outpatient services and represents the staff's continued commitment to exceptional care close to home. This new center embraces the motivation to create better and healthier lives for the members of the community.

Office Revolution provided full interior design support and guidance to St. Bernard on this groundbreaking, 4-story complex on fabric & finishes, selection, wall coverings, artwork and scape. Departments in the new facility included: Women's Wellness, Osteopathic Centers, Cardiology Center and physicians' suites.
