### SIZE

25,000 Sq./Ft.

## THE STORY

School Health is a national, full-service provider of health supplies and services to health professionals in educational settings from pre-school to college.

As a growing company, School Health moved to a new facility outside of downtown Chicago to allow for continued growth, including expanded technologies in their warehouse operations and a corporate office environment that promotes the advancement of their team.

Office Revolution partnered with Ware Malcomb to help bring functionality and design to a company looking for their forever home.
