## THE STORY

Restore @ Carolina Park is a newly-designed 55+ Active Adult Community that hosts multiple apartment buildings on the campus as well as a beautiful clubhouse with pool and activity space. We were excited to partner with SGANW Design and their client for this project.

Catering to mature and sophisticated residents, the products selected are both functional and beautiful. The Clubhouse, poolside and building amenity spaces feature products from Arch Design, Blu Dot, Falcon, Kwalu, National, OFS, Summer Classics, West Elm, and more. These spaces provide the comforts of home with furnishings durable enough to last for years to come.
